Hi Karen,

Yes, please contact me at least two weeks prior to your departure to make arrangements to pick up your passport. Once you complete and submit your ITP in FIAT, that should be everything you need for your upcoming travel. I assume you provided Iris Jones and/or Belen Revilla with a copy of your HTSOS Security training certificate?

Hi Pamela,

In November I will be attending a conference in Toronto, Canada, so I will need to pick up my government passport before that trip. I assume the process is that I email you in the few weeks coming up to the trip, come pick up the passport, and then return it to you afterwards. Is there anything else that I need to do? I have started my FIAT application and my TA and last year I took the Overseas Security Training.

Thanks,
Karen
